## MiA courses especially for you

Do you feel like meeting other women regularly?

Would you like to get to know Germany better?

Would you like to learn more about childcare, schools and professions?

And would you like to improve your German at your own pace?

**Then a MiA course is just the right thing for you.**

MiA is a course offered by women for women.

MiA courses usually take place in the classroom. There you can talk about topics that are important to you. You can improve your German in the process.

On some days you go outside together, for example to get to know the city.

Often MiA courses also include other activities such as sewing, singing or painting together.

MiA is a course offering in which women reinforce each other. You will be encouraged. You will learn and experience many new things.

## How do the MiA courses work?

The course group consists only of women.  
The course leader is also a woman.

The other women come from your home country or from all over the world.

A course lasts 34 hours, spread over several weeks or months.

You can take part in up to three courses.

The content of the course will be tailored to you.  
This is what the course leader ensures.

You do not have to pay for the course.
